Findings.....	1
Directives.....	8
A. Prohibitions – Discharges.....	8
B. Prohibitions – Non-Storm Water Discharges.....	8
C. Receiving Water Limitations.....	10
D. Legal Authority.....	10
E. Technology Based Standards.....	12
F. Jurisdictional Urban Runoff Management Program.....	13
F.1. Land-Use Planning for New Development and Redevelopment Component.....	13
F.1.a. Assess General Plan.....	13
F.1.b. Modify Development Project Approval Processes.....	14
F.1.b.(1) Development Project Requirements.....	14
F.1.b.(2) SUSMPs.....	15
F.1.c. Revise Environmental Review Processes	20
F.1.d. Conduct Education Efforts Focused on New Development And Redevelopment.....	21
F.2. Construction Component.....	21
F.2.a. Pollution Prevention.....	21
F.2.b. Grading Ordinance Update.....	22
F.2.c. Modify Construction and Grading Approval Process.....	22
F.2.d. Source Identification.....	23
F.2.e. Threat to Water Quality Prioritization.....	23
F.2.f. BMP Implementation.....	23
F.2.g. Inspection of Construction Sites.....	24
F.2.h. Enforcement of Construction Sites.....	24
F.2.i. Reporting of Non-compliant Sites.....	24
F.2.j. Education Focused on Construction Activities.....	25
F.3. Existing Development Component.....	25
F.3.a. Municipal (Existing Development).....	25
F.3.b. Industrial (Existing Development).....	28
F.3.c. Commercial (Existing Development).....	31
F.3.d. Residential (Existing development).....	32
F.4. Education Component.....	33
F.5. Illicit Discharge Detection and Elimination Component.....	35
F.5.a. Illicit Discharges and Connections.....	35
F.5.b. Dry Weather Monitoring Program.....	36

F.5.c. Investigation / Inspection and Follow-up.....	36
F.5.d. Elimination of Illicit Discharges and Connections.....	36
F.5.e. Enforce Ordinance.....	36
F.5.f. Prevent and Respond To Sewage Spills (Including from Private Laterals and Failing Septic Systems) and Other Spills.....	36
F.5.g. Facilitate Public Reporting of Illicit Discharges and Connections – Public Hotline.....	36
F.5.h. Facilitate Disposal of Used Oil and Toxic Materials.....	37
F.5.i. Limit Infiltration From Sanitary Sewer to MS4.....	37
F.6. Common Interest Areas and Homeowners Associations.....	37
F.7. Public Participation Component.....	37
F.8. Assessment of Jurisdictional URMP Effectiveness Component.....	37
F.9. Fiscal Analysis Component.....	37
G. Implementation of Jurisdictional URMP.....	38
H. Submittal of Jurisdictional URMP Document.....	38
I. Submittal of Jurisdictional URMP Annual Report.....	41
J. Watershed Urban Runoff Management Program.....	42
K. Implementation of Watershed URMP.....	44
L. Submittal of Watershed URMP Document.....	45
M. Submittal of Watershed URMP Annual Report.....	45
N. Program Management	46
O. Principal Permittee Responsibilities.....	46
P. Receiving Waters Monitoring and Reporting Program.....	48
Q. Task and Submittal Summary.....	48
R. Standard Provisions, Reporting Requirements and Notifications.....	51
Attachment A – Basin Plan Prohibitions	
Attachment B – Receiving Waters Monitoring and Reporting Program for Order No. 2001-193	
Attachment C – Standard Provisions, Reporting Requirements, and Notifications	
Attachment D – Glossary	

Attachment E – Dry Weather Monitoring Program Specifications – Urban Runoff
